INFORMATION FOR COMPLETING INTERVIEWER'S APPRAISAL SHEET

- 1. The purpose of the interview is to evaluate accurately and impartially the characteristics of the candidate to determine potential as a commissioned officer and motivation toward service in the Navy.
- 2. The interview should take a minimum of 15 minutes. A period of 15-30 minutes is usually adequate, although more time may be necessary on occasion.
- 3. Discussion topics should draw out the applicant. Suggested topics include: Navy programs, service life, school experiences, personal interests, goals in life, current events, sports, family attitude toward application, and any others suggested by a review of the application file.
- 4. Marking is difficult. Your judgements form an important part of each applicant's file, and usually represent the only personal contact with the applicant reported by an official of the Navy. Be fair and impartial, neither too easy nor too hard on the applicant. Mark only on what you have observed personally, not on the opinions or comments of others.
- 5. No marks should be put on this form until the interview has been completed.
- 6. If it appears that the space for comments will not be sufficient, phrases may be used rather than complete sentences.
- 7. Below is a check list of characteristics which interviewing officer can observe and of adjectives which can be used to describe these characteristics in applicants. This list is meant only to assist the interviewer in preparing for the interview and in making a written evaluation afterward. It is not intended to be all-inclusive.
